

Northstar Labs Regional Benefits Addendum 2026

Published: 2025-12-01

Kyiv hub

Employees assigned to the Kyiv hub receive 4 additional recovery days per calendar year. These days are separate from annual leave, cannot be carried over, and must be recorded as recovery leave.

Berlin hub

Employees assigned to the Berlin hub receive 2 civic-service days per calendar year. The days may be used for registered volunteer work or local election duties and cannot be carried over.

Toronto hub

Employees assigned to the Toronto hub may claim up to 300 Northstar Credits each year for winter commuting equipment. Eligible items include insulated footwear, traction aids, and bicycle winterization.

Eligibility and assignment changes

Regional benefits begin after an employee has been assigned to the qualifying hub for 30 consecutive days. When an assignment changes, no new regional benefit may be claimed until the employee completes the new 30-day qualification period.
